在新加坡舉行的「亞洲太平洋電氣工事協會聯合會」2023年會議

轉眼四年，「亞洲太平洋電氣工事協會聯合會」(FAPECA)的週年會議，於2023年11月15日在新加坡恢復舉行。2020年的會議，原準備在香港舉行，因新冠疫情關係，多番延遲後及取消。今年的會議得以舉行，是因為新加坡主人家SECA早在2022年10月，當新冠疫情尚未平定之前，已經大胆地提出主辦該會議。

是次在新加坡舉行之FAPECA2023會議，香港代表團共有25位團員參加，由本會蔡勤文會長和于健安永遠會長帶領，于永遠會長亦是現任FAPECA會長。大家一起於11月14日飛抵新加坡，到埗後，首先入住酒店，隨即在鄰近的中菜館享用預定的豐富晚餐，替自己洗塵。

FAPECA會議和「建築及屋宇設備2023」展覽會一起在「濱海金沙酒店」舉行。會議由國家發展部高級部長Tan Kit How先生作為主禮嘉賓主持開幕及致詞。我們的于永遠會長亦隨着以FAPECA會長身份致詞，講詞中不忘為香港搶人才，更希望來自各國的代表，邀請他們的專才到香港尋找商機和發展。

這次會議主題是「建造環境之綠色科技」，每個代表團都須要呈交一篇論文。香港團隊由本會秘書陳福祥博士介紹他的論文「Emerging Technologies for Sustainability」，他簡潔地介紹目前最被看重的科技，如人工智能、物聯網、區塊鏈、碳中和、元宇宙等，並且舉出應用例子，如智能安全系統、智能城市、智能電網等。本會隨後更送出陳博士新出版的書「Power Systems Practicum」予其他代表團。

會議完畢後，大伙兒都趕着到豪華的「華樂酒店」參加歡迎晚宴。有些代表團以民族服裝出現，令晚會氣紛和日間截然不同：隨意、開心、和高能量。自從大家2019年在南韓說再見後、這是四年來首次重聚，所以每人都忙着互相問好，加以接待廳的啤酒和餐酒不停供應，熱情更如火上加油，主人家好不容易才把大家請進大禮堂坐下。但人們都沒法靜下來了，整晚不停地互相敬酒，除了啤酒和餐酒外，威士忌和韓國燒酒很快便加入戰團，當卡拉OK開始後，興奮程度和歌聲雙雙「爆燈」，顯然這是把四年來的歡迎晚宴，放在同一晚舉行的效果！

星期四早上是FAPECA理事會議，休會四年後，董事會各理事都要重新選舉。選舉結果是FAPECA新會長由泰國的Boonsak Kiatjaroonlat先生擔當，新副會長則由台灣的張麗在先生擔當。本會劉振麒永遠會長則卸任了秘書長職務，他已服務FAPECA長達37年了，而新的FAPECA秘書長是眾望所歸的本會于健安永遠會長，他也是剛剛才卸任的FAPECA會長！

FAPECA理事會亦議決未來數年FAPECA的舉辦機構。包括了FAPECA2024會議，由馬來西亞TEEM舉辦；在2025會議，由印尼AKLI舉辦；而2026會議，則由泰國TEMCA舉辦。

眾代表在FAPECA理事會後一起前往觀新加坡工業學院西校，該西校是新加坡工業學院三個校址其中之一。學院西校佔地廣闊，設備齊全；其中機車車輛訓練室，更放置了一輛地鐵車卡和車輪底座，供學生學習時親身體驗。校內還有一個足球場連跑道，以及一個大型室內運動場，課後學生們都在玩排球、羽毛球、和乒乓球。

星期四下午參觀了旅遊熱點「濱海灣花園」，眾代表獲貴賓式招待。負責講解「濱海灣花園」的都是高級技術人員，他們詳細介紹溫室花園的生態系統。其中一年四季的溫度和濕度控制，是運用埋在地面下的冷水管輔助，以求完美；花園內的花草樹木，都是比常見的更健康及美麗；其中一株巨大的仙人掌，比通常在大自然生長的還高大，遊客見到，都嘖嘖稱奇；花園的「中央能源中心」，是利用生物廢料發電，以及推動「吸收式制冷機」。

星期五是會議主人家 SECA 47週年紀念高爾夫球比賽，主客共148人一起在「胡姬鄉村俱樂部」切磋球技，球賽其間的傾盤大雨，沒有減低他們的熱情，反而因為歇息時不停供應的啤酒，把熱情再推進一步。

晚上所有代表團都齊集到「草根俱樂部」，參加告別晚宴，每人都穿着 SECA 送出的潮流T-shirt。休閒的氣紛，即時令大家情緒高漲，立刻互相敬酒，那管是啤酒、餐酒、或烈酒，加上卡拉OK，長話短說，整個晚宴好像是歡迎宴的下半部，不同的可能是氣紛更加熱烈了，不覺間已過了沸點，正好為旅程劃上完美的句號。

FAPECA 2023 Conference, Singapore

After a break of 4 years, FAPECA's annual conference reconvened this year on 15 November in Singapore. The 2020 conference would have been held in Hong Kong, but was postponed and eventually cancelled because of the prolonged Covid-19 pandemic. This year's conference was possible because the Singapore host, Singapore Electrical Contractors and Licensed Electrical Workers Association (SECA), took the bold step to volunteer for holding the 2023 conference back in October 2022, when the tailwind of the pandemic was stilling prevalent.

The Hong Kong contingent had a total of 25 members, led by President KM Choi and Life President Emil Yu who was also the President of FAPECA. The group flew off to Singapore on the 14th and arrived in good time to check in the hotel and then enjoyed a sumptuous dinner by themselves at a Chinese restaurant next door.

The Conference was held at the Marina Bay Sands, in conjunction with the exhibition 'Architecture & Building Services 2023'. The Guest of Honour was Tan Kiat How, Senior Minister of State for the Ministry of National Development, who also gave

the opening address. LP Emil then spoke in the capacity of FAPECA President, but he also put in a special word for Hong Kong, by inviting delegates from all the other countries to send their talents to take advantage of the opportunities in our city.

The theme of the Conference was 'Green Technologies for the Built Environment.' As usual each delegation had to present a paper. On behalf of HKECA, Dr F C Chan presented his paper "Emerging Technologies for Sustainability". He gave a concise rundown on the most significant of current technology fields, including Artificial Intelligence (AI), Internet-of-Things (IoT), Blockchain, Carbon Neutrality, and Metaverse. Application examples he gave included Smart Site Safety System (SSSS), Smart Cities, and Smart Grids. HKECA also gave each of the FAPECA associations a copy of Dr FC Chan's newly published book, "Power Systems Practicum".

The Conference finished in time for the Welcome Dinner, held at the plush One Farrer Hotel. All delegates arrived either in formal business attire or their national dresses. But the atmosphere was different - totally casual, cheerful, and electric. As it was the first occasion that delegates were able to get together after 4 years, ever since saying goodbye in Korea back in 2019, everybody was euphoric, going around greeting one another. The free flow of beers and wines in the reception hall was like adding fuel to fire. By the time the hosts were trying to usher all the guests into the grand ball room for dinner, everybody was already in high spirits. During dinner the process of toasting continued. People were going around the tables, glasses and bottle in hand. In addition to wines and beers, there were Scotch whiskeys and Korean spirits, which complicated matters considerably, and their combined devastating effects were visible whichever way one looked around. By the time the Karaoke started, the spirits were up in the stratosphere. Apparently that was the effect if one squeezes four welcome dinners into one!

FAPECA 2023 Conference, Singapore

Thursday morning was the FAPECA board meeting. The officers of the board were overdue for re-election after the 4 year lapse, 2 years longer than the normal tenure. The new President was Boonsak Kiatjaroonlat of Thailand. He took over from LP Emil Yu. The new Vice-President was Chang Li-Tsai of Taiwan. LP Kay Lau resigned as Secretary General, having been with FAPECA for 37 years since its inception. The ever popular LP Emil Yu was elected as the new Secretary General.

It was also decided that the 2024 Conference will be hosted by TEEAM of Malaysia; the 2025 Conference will be hosted by AKLI of Indonesia; and the 2026 Conference will be hosted by TEMCA of Thailand.

After the board meeting the official delegates visited the Institute of Technical Education College West, one of the College's three campuses. Its grounds were expansive and the facilities were superb. One notable example was the training room for

FAPECA 2023 Conference, Singapore

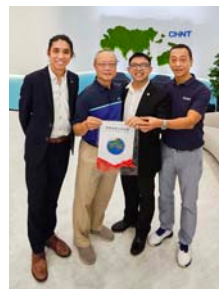

rolling stock which housed a whole MRT carriage, with its undercarriage on the side, so that students were able to have a hands-on experience of working on a train inside out. The campus also included a football field cum running track, and a full-size indoor stadium. Students filled the stadium after lessons, playing badminton, volleyball and table tennis.

The next visit was the Garden by the Bay, the massive outdoor cum indoor garden in front of Marina Bay Sands. VIP tours were arranged with management and technical staff acting as tour guides. Delegates were given a detailed explanation of the eco-system of the indoor garden, which had four seasons temperature and humidity control, with chilled water pipes running beneath the floor. Most of the plants and trees were healthier and better looking than normal. A huge cactus plant surprises many visitors who have never seen such a large cactus in the open nature. There was a Central Energy Centre with a Biomass Plant for the generation of electricity and for the steam powered absorption water chiller.

Friday was the SECA 47th Anniversary Golf Tournament Day. A total of 148 delegates and guests played at the Orchard Country Club. Their enthusiasm were not dampened by the torrential down pour during the tournament, but rather in the contrary were heightened by the flow of beer before play resumed.

In the evening everybody got together at the Grass Roots Club for the Farewell Dinner, all dressed in the smart and colourful SECA T-shirt. The casual attire set the scene for the evening. To put a long story short, it was a repeat of the feast in a similar fashion as the Welcome dinner, with the toasting of beers, wines and spirits, and the Karaoke, except the atmosphere was quite a few Fahrenheit's (or Centigrade' s) hotter. It was the perfect finale to a wonderful trip.
